

# 23 Airport ride

Wednesday, April 22, 2009  
1:23 PM

The Airport ride leaves town by way of Cardinal Glen. Riders will use the paved trail to travel from Church Lane to That Road. Remember to be courteous to persons on the trail and to yield the right of way where necessary. Keep going west on Leonard Springs until you cross Hwy 45. Be careful crossing the highway. Eller Road has one hill that should make the hill climbers happy. Then another hill will do the same on Airport Road. These two hills should be fairly clear on the elevation graph. The second crossing of Hwy 45 is the most difficult. Vision to the east is limited so be very careful. Total climb 1,500'.
